Shoreline Alterations

These regulations are deemed necessary along the shores of natural waters to protect scenic beauty, control erosion and reduce effluent and nutrient flow from the shore land.

1. Removal of Shore Cover:

Tree and shrub cutting in a strip paralleling the shoreline and extending thirty five (35) feet inland from all points along the normal high water mark of the shoreline shall be limited in accordance with the following provisions:

- a. Cutting shall leave sufficient cover to screen cars, dwellings, and accessory structures, except boathouses, as seen from the water, to preserve natural beauty and to control erosion.
- b. Natural shrubbery shall be preserved as far as practicable, and where removed it shall be replaced with other vegetation that is equally effective in retarding runoff, preventing erosion and preserving natural beauty.
- c. The removal of natural shrubbery and its replacement shall require the granting of a permit by the Zoning officer. Petition for such permit shall be accompanied by a plan showing the work to be accomplished. The

granting of such Conditional Use shall be conditional upon a contract requiring the petitioner to give to the Zoning officer, within one (1) year after the date of grant, satisfactory evidence of compliance with such plan or pay for the cost of such compliance by the County.

Filling, Grading, Lagooning and Dredging

1. Filling, grading, lagooning or dredging which would result in substantial detriment to natural waters by reason of erosion, sedimentation or impairment of fish and aquatic life is prohibited.
2. A permit shall be required for any filling or grading. This requirement does not apply to soil conservation practices such as terraces, runoff diversions and grassed waterways, which are used for sediment retardation.
3. Building permits shall be required for all retaining walls or structures.
